Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those

models, and an explanation of the rating system? Yes

Website address: www.good2gomobile.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Hearing Aid Compatibility information tab on our website and provided access to Learn more about hearing aid compatibility and wireless please go to <http://www.accesswireless.org>. Handsets features and details listed on the good2Go Mobile website have been rated for Hearing Aid Compatibility (HAC). These HAC ratings, or "M-Ratings" and "T-Ratings," help hearing aid users find the best phone for their needs.

Methodology for Functionality Levels

information provided on the FCC website

Report Remarks

Service provider should only report the model number and the site should determine the rest of rating automatically based on the FCC certification for the handset provider.

You have reported the following handset model summary information.
